Duct Thermometer

DTM -40/60

IP40

Product page

DTM -40/60 is a mechanical thermometer for duct installation. It can be used in indoor applications. The meter is calibrated in the factory and re-calibration is not possible.

Technical specifications – Measurements

Temperature measurement range
-40...60 °C

Temperature measurement accuracy
±2 °C

Technical specifications – Product properties

Probe
Ø 9 x 200 mm

Materials
Class 2 copper alloy (probe), galvanized steel (flange), plastic (housing), SAN plastic (front window)

Warranty
2 years

Technical specifications – Installation

Mounting
by a flange

Technical specifications – Operating and storage conditions

IP protection class
IP40

Ambient temperature
-20...60 °C

Ambient humidity
35...85 %rH
