SPC duct connectors

The SPC duct connectors are accessories for static pressure measurements in ventilation ducts. You can mount the connectors to the duct with self-drilling screws, for example.

The connector material is plastic (-P models) or steel (-M models).

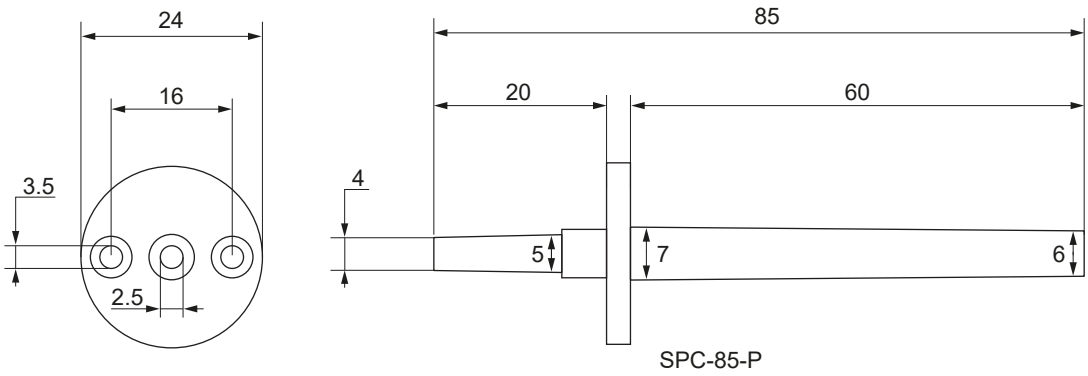

Technical specifications

Property	Value
Material	
-P models	PC plastic
-M models	Galvanized steel
Dimensions	
SPC-85-P	24 x 24 x 85 mm, mounting depth 60 mm
SPC-40-M	28 x 20 x 40 mm, mounting depth 24 mm
SPC-100-M	28 x 20 x 100 mm, mounting depth 84 mm
Mounting	with screws
Warranty	5 years
Company certificates	
Quality management	ISO 9001
Environmental management	ISO 14001
